**NATIONAL ARCHIVES AND RECORD ADMINISTRATION
FREEDMEN'S BUREAU PRESERVATION PROJECT**

This National Archives microfilm publication is part of a multiyear project to microfilm the field office records of the Bureau of Refugees, Freedmen, and Abandoned Lands (Freedmen's Bureau). The project was made possible by the United States Congress through The Freedmen's Bureau Records Preservation Act of 2000 (Public Law 106-444). When completed, all of the field records for the States of Alabama, Arkansas, Delaware, Florida, Georgia, Kentucky, Louisiana, Maryland, Mississippi, Missouri, North Carolina, South Carolina, Tennessee, Texas, Virginia, and for the District of Columbia will be available on microfilm. For microfilm availability and description, view both the microfilm catalog *Black Studies: A Select Catalog of National Archives Microfilm Publications* and the National Archives microfilm locator on our web site at www.archives.gov.

INTRODUCTION

On the 133 rolls of this microfilm publication, M1904, are reproduced the records of the Kentucky headquarters for the Assistant Commissioner and his staff officers and the subordinate field offices of the Bureau of Refugees, Freedmen, and Abandoned Lands, 1865-1872. These records consist of bound volumes and unbound records, containing materials that include letters sent and received, monthly reports, registers of complaints, labor contracts, and other records relating to freedmen's claims and bounty payments. These records are part of the Records of the Bureau of Refugees, Freedmen, and Abandoned Lands, Record Group (RG) 105.

HISTORY AND ORGANIZATION

The Bureau of Refugees, Freedmen, and Abandoned Lands, also known as the Freedmen's Bureau, was established in the War Department by an act of Congress on March 3, 1865 (13 Stat. 507). The life of the Bureau was extended twice by acts of July 16, 1866 (14 Stat. 173), and July 6, 1868 (15 Stat. 83). The Bureau was responsible for the supervision and management of all matters relating to refugees and freedmen, and of lands abandoned or seized during the Civil War. In May 1865, President Andrew Johnson appointed Maj. Gen. Oliver Otis Howard as Commissioner of the Bureau, and Howard served in that position until June 30, 1872, when activities of the Bureau were terminated in accordance with an act of June 10, 1872 (17 Stat. 366). While a major part of the Bureau's early activities involved the supervision of abandoned and confiscated property, its mission was to provide relief and help freedmen become self-sufficient. Bureau officials issued rations and clothing, operated hospitals and refugee camps, and supervised labor contracts. In addition, the Bureau managed apprenticeship disputes and complaints, assisted benevolent societies in the establishment of schools, helped freedmen in legalizing marriages entered into during slavery, and provided transportation to refugees and freedmen who were attempting to reunite with their family or relocate to other parts of the country. The Bureau also helped black soldiers, sailors, and their heirs collect bounty claims, pensions, and back pay.

The act of March 3, 1865, authorized the appointment of Assistant Commissioners to aid the Commissioner in supervising the work of the Bureau in the former Confederate states, the border states, and the District of Columbia. While the work performed by Assistant Commissioners in each state was similar, the organizational structure of staff officers varied from state to state. At various times, the staff could consist of a superintendent of education, an assistant adjutant general, an assistant inspector general, a disbursing officer, a chief medical officer, a chief quartermaster, and a commissary of subsistence. Subordinate to these officers were the assistant superintendents, or subassistant commissioners as they later became known, who commanded the subdistricts.

The Assistant Commissioner corresponded extensively with both his superior in the

Washington Bureau headquarters and his subordinate officers in the subdistricts. Based upon reports submitted to him by the subassistant commissioners and other subordinate staff officers, he prepared reports that he sent to the Commissioner concerning Bureau activities in areas under his jurisdiction. The Assistant Commissioner also received letters from freedmen, local white citizens, state officials, and other non-Bureau personnel. These letters varied in nature from complaints to applications for jobs in the Bureau. Because the assistant adjutant general handled much of the mail for the Assistant Commissioner's office, it was often addressed to him instead of to the Assistant Commissioner.

In a circular issued by Commissioner Howard in July 1865, the Assistant Commissioners were instructed to designate one officer in each state to serve as "general Superintendents of Schools." These officials were to "take cognizance of all that is being done to educate refugees and freedmen, secure proper protection to schools and teachers, promote method and efficiency, correspond with the benevolent agencies which are supplying his field, and aid the Assistant Commissioner in making his required reports." In October 1865, a degree of centralized control was established over Bureau educational activities in the states when Rev. John W. Alvord was appointed Inspector of Finances and Schools. In January 1867, Alvord was divested of his financial responsibilities, and he was appointed General Superintendent of Education.

An act of Congress, approved July 25, 1868 (15 Stat. 193), ordered that the Commissioner of the Bureau "shall, on the first day of January next, cause the said bureau to be withdrawn from the several States within which said bureau has acted and its operation shall be discontinued." Consequently, in early 1869, with the exception of the superintendents of education and the claims agents, the Assistant Commissioners and their subordinate officers were withdrawn from the states.

For the next year and a half the Bureau continued to pursue its education work and to process claims. In the summer of 1870, the superintendents of education were withdrawn from the states, and the headquarters staff was greatly reduced. From that time until the Bureau was abolished by an act of Congress approved June 10, 1872 (17 Stat. 366), effective June 30, 1872, the Bureau's functions related almost exclusively to the disposition of claims. The Bureau's records and remaining functions were then transferred to the Freedmen's Branch in the office of the Adjutant General. The records of this branch are among the Bureau's files.

THE FREEDMEN'S BUREAU IN KENTUCKY

ORGANIZATION

From July 1865 until June 1866, Maj. Gen. C. B. Fisk served as Assistant Commissioner for both Kentucky and Tennessee. Fisk appointed Bvt. Brig. Gen. John Ely to serve as chief superintendent for the Bureau at Kentucky (from March to June 1866). Ely established his headquarters at Louisville, Kentucky, and divided

NATIONAL ARCHIVES AND RECORDS ADMINISTRATION

his operations into five subdistricts: Lexington, Louisville, Northwestern, Southern, and Central. Records relating to Kentucky created prior to Ely's tenure may be included among the files of the Assistant Commissioner for Tennessee.

In June 1866, Maj. Gen. Jeff C. Davis was appointed as the first Assistant Commissioner for Kentucky. Superintendents (or subassistant commissioners) employed under Davis were generally responsible for from 3 to 11 counties, and agents (civilian and military) from 1 to 3 counties. Agents received their orders directly from superintendents, and all superintendents were required to submit monthly reports of their activities to the Assistant Commissioner. Brig. Gen. Sidney Burbank succeeded Davis in March 1867 and was replaced by Maj. Benjamin Runkle, who served from January 1869 to May 1869 as Assistant Commissioner and superintendent of education. In August 1870, when superintendents of education were withdrawn from the states, Runkle served as claims agent for Kentucky until July 1871. H. H. Ray succeeded Runkle as claims agent, and served in this capacity until December 1871. P. J. Overley became the claims agent in January 1872 and remained in this position until the Bureau's operations in Kentucky were discontinued in April. The major subordinate field offices for the Bureau at Kentucky included those with headquarters at Bowling Green, Lebanon, Lexington, Louisville, and Paducah. For a list of known Kentucky subordinate field office personnel and their dates of service, see the Appendix.

ACTIVITIES

While the Freedmen's Bureau did not begin full operations in Kentucky until June 1866, its activities in the state generally resembled those conducted in other Southern states. The Bureau supervised labor contracts between planters and freedmen, administered justice, assisted freedmen in the establishment of schools, helped freedmen legalize marriages, and worked with black soldiers and their heirs in processing claims relating to military service.

The regulation of written labor agreements between planters and freedmen was a major concern of the Freedmen's Bureau. In a circular issued on July 24, 1865 (Circular Number 2), Assistant Commissioner Fisk told his subordinates that for both Kentucky and Tennessee freedmen must be free to choose their own employers and that wages were to be based on supply and demand rather than a fixed rate. Bureau officials were to negotiate and approve labor contracts and enforce violations by either party. Compulsory unpaid labor was strictly prohibited. In some areas of Kentucky, planters refused to enter into written agreements with freedmen, and freedmen themselves were reluctant to enter into annual agreements for fear of being reduced to slavery. However, with strong reservations, Bureau officers negotiated monthly agreements for them but encouraged freedmen to sign annual contracts that offered yearlong employment. Wages for monthly contracts ranged from \$8 to \$10 a month for adult male field hands, well below the state's average wage of \$15 a month for men. However by the summer of 1866, with the Bureau's insistence, adult laborers in the tobacco region of the state received \$25 per month and laborers in the farm belt areas earned \$12 per month. In some Kentucky counties, freedmen

NATIONAL ARCHIVES AND RECORDS ADMINISTRATION

received a third of the crops rather than wages. However, because of the shortage of laborers in the state, freedmen were able to demand higher wages, and thus over time the sharecropping system became less attractive.¹

The Bureau worked to protect the rights and legal status of freedmen, which, despite the ending of slavery by the 13th Amendment, were still endangered by the persistence of the old slave codes. On May 30, 1865, Commissioner Howard issued Circular Number 5, authorizing Assistant Commissioners to establish courts in states where the old codes existed and the right of blacks to testify against whites was prohibited. Gen. Fisk subsequently announced to the citizens of Kentucky that freedmen courts would operate in the state as long as freedmen weren't given the same rights as whites. By 1867, as a result of several Federal court rulings, Bureau courts ceased to operate in Kentucky. When state courts denied black testimony, the agency, under provisions of the Civil Rights Act of 1866, took cases involving freedmen to the U.S. District Court of Kentucky. In instances where freedmen lacked resources to pursue their cases in Federal court, the Bureau provided transportation for witnesses and other forms of assistance. Despite the Bureau's efforts to safeguard rights and secure justice for freedmen in Kentucky, admitting the testimony of blacks against whites still remained an issue in 1869 when Bureau Assistant Commissioners and their subordinates were withdrawn from the states. However, in January 1872, with a change in public opinion and pressure from the courts, the Kentucky State Legislature amended state law and allowed blacks to testify.

When Gen. John Ely began his duties as chief superintendent for Kentucky under Gen. Fisk's supervision, there were 30 freedmen schools and more than 2,000 students. The schools were organized and maintained by black churches, with black clergy as instructors. Freedmen schools faced widespread violence and white opposition, and in many cases, teachers and students were forced to abandon efforts to maintain school buildings. Ely and his subordinate assisted freedmen in reopening schools that had been forced to close.² Under Maj. Gen. Jeff C. Davis, who replaced Ely in the summer of 1866, the number of freedmen schools increased to 54, with some 67 teachers and more than 3,200 students. Excluding the schools established at Lexington and Covington under the auspices of the Cincinnati Branch of the Western Freedmen's Aid Society and the Cincinnati Branch of the American Missionary Association, the freedmen schools were taught by black teachers who were supported by subscriptions from parents and black religious institutions. The Bureau, however, rented the building for the school at Lexington. Under Brig. Gen. Sidney Burbank, who succeeded Davis in March 1867, the number of freedmen schools increased to 96, accommodating about 5,000 students aged 6-18. By

September 1868, in spite of continued violence and opposition, the Bureau had provided support for 135 day schools and 1 night school, serving more than 6,000 students.³

On February 14, 1866, the Kentucky State Legislature passed an act legalizing marriages freedmen had entered into during slavery and authorizing black ministers to solemnize such marriages. Nearly 2 weeks later, on February 26, 1866, Assistant Commissioner Fisk issued Circular Number 5, in accordance with the Kentucky law, directing those freedmen who sought to solemnize a marriage to the county clerk for a marriage license. If the county clerk refused to issue a license, Bureau officials in the subdistricts were authorized to solemnize marriages and issue marriage certificates. Local Bureau officers were required to maintain a register of freedmen marriages and forward a report of such marriages to the Assistant Commissioner at the end of each month. Subordinate Bureau officers were also told to notify persons living as man and wife who had not legalized their marriage, to report to the Bureau to take the necessary steps to do so. Persons who failed to comply were guilty of a misdemeanor and were to be punished by a fine and imprisonment.⁴ This microfilm publication reproduces marriage licenses, certificates, and registers of marriages for the Kentucky subdistricts at Augusta, Bowling Green, Columbus, Cynthiana, Owensboro, Paducah, Mt. Sterling, and Winchester. A single freedmen marriage license and a marriage certificate from Kentucky, filed in the Bureau's headquarters records, has been reproduced on roll 1 of National Archives Microfilm Publication M1875, *Marriage Records of the Office of the Commissioner, Washington Headquarters of the Bureau of Refugees, Freedmen, and Abandoned Lands, 1861-1869*.

In addition to assisting freedmen in solemnizing slave marriages and efforts to sustain the black family, the Bureau helped discharged soldiers, sailors, marines, and their heirs in claims for back pay, bounty payments, and pensions. In accordance with a law passed by Congress on March 29, 1867 (15 Stat. 26), making the Bureau the sole agent for payment of claims relating to black veterans, Bureau disbursing officers assisted freedmen in the preparation and settlement of military claims. In November 1866, in spite of the difficulties in locating veterans who fled the state for fear of violence, Assistant Commissioner Davis reported that he had forwarded more than 260 black soldiers' claims for back pay and bounty payments to Commissioner Howard's office in Washington, DC. In the following year, Assistant Commissioner Burbank reported that his office had assisted nearly 500 veterans with military claims, and in the fall of 1868, for the year ending October 10, 1868, that more than 1,100 received bounty payments through his office.⁵

RECORDS DESCRIPTION

These records consist of volumes and unbound records. The volumes reproduced in this microfilm publication were originally arranged by type of record and thereunder by volume number. No numbers were assigned to series consisting of single volumes. Years later, all volumes were arbitrarily assigned numbers by the Adjutant General's Office (AGO) of the War Department after the records came into its custody. In this microfilm publication, AGO numbers are shown in parentheses to aid in identifying the volumes. The National Archives assigned the volume numbers that are not in parentheses. In some volumes, particularly in indexes and alphabetical headings of registers, there are blank numbered pages that have not been filmed.

The volumes consist of letters and endorsements sent and received, press copies of letters sent, registers of letters received, letters and orders received, registers of freedmen court cases, special orders and circulars issued, registers of claimants, registers of complaints, marriage certificates, and monthly reports forwarded to the Assistant Commissioner. The unbound documents consist of letters and orders received, unregistered letters and narrative reports received, special orders and circulars issued, and general orders and circulars received. The unbound records also contain monthly reports; labor contracts; marriage certificates, and records relating to claims.

Some of the volumes contain more than one type of record, reflecting a common recording practice of clerks and staff officers of that period. On roll 93, for example, the volume of contracts for the Columbus field office also contains a register of marriages. Some other examples of additional series within volumes can be found in records on rolls 106, 123, and 133. Researchers should read carefully the records descriptions and arrangements in the Table of Contents to make full use of these documents.

RELATED RECORDS

In the same record group, RG 105, and related to records of the Bureau's field offices for Kentucky, are those of the Bureau headquarters in Washington, DC, and previously microfilmed records of the Assistant Commissioner and the superintendent of education for Tennessee. These record series are available in the following National Archives microfilm publications:

Records in other National Archives record groups supplement those of the Assistant Commissioner. In Records of United States Army Continental Commands, 1821-1920, RG 393, are records of the military district that included Kentucky. Records relating to employment and welfare of freedmen and abandoned property before the establishment of the Bureau are among Records of Civil War Special Agencies of the Treasury Department, RG 366. The records of the Freedman's Savings and Trust Company, 1865-1874, in Records of the Office of the Comptroller of the Currency, RG 101, contain information relating to former slaves who maintained accounts with bank branches in Kentucky.

Name Index to Registers of Letters Received

The single-volume name index, July 1871–April 1872 (13), is an index to volume (12) of the registers of letters received mentioned below.

Volume (13) July 1871–Apr. 1872

Registers of Letters Received

The twelve volumes of registers of letters received are dated March 1866–April 1872 (1–12). Entries in the first nine registers, March 1866–February 1870, are arranged alphabetically by initial letter of the surname of the correspondent and thereunder chronologically. However, each register does not contain all alphabetical divisions. For example, the “As” are in volumes (1), (3), and (9) only, and the “Gs” are in volumes (1), (2), (3), (6), and (9) only. The volume listings below show the initial letters of surnames included in each volume. The entries within each alphabetical division are numbered with a separate numerical sequence for each year, but don’t always span the time period listed below.

The last three registers, January 1870–April 1872, are arranged by time period. The entries in volumes 10 and 11 are arranged alphabetically by initial letter of the surname of the correspondent and thereunder in chronological order and numbered. The entries in volume 12, July 1871–April 1872, are arranged in chronological order and numbered with a separate numerical sequence for each year. The name index to volume 12 is volume (13) above. The letters received relating to the registers, March 1866–February 1872, are listed below.

Captain

I have been applied
 to by a number of persons in regard to the action the
 Donnan will take in reference to hiring the men. Now
 there is a general disposition among the freed people
 not to enter into contract for the period of 12 months
 and the farmer will not employ them for a longer time
 than 6 to 12 months. They are returning to the towns in
 great numbers. one Agent at Davis report about 1400 there
 thousand in that place. They can have good homes in
 the country and good prices for their labor. They come to
 town work about 100 three days in the week the balance
 of the time in idleness and loafing. Several villages
 have lost a number of hogs, eight were driven to this place
 a few days ago and were being slaughtered in day light
 the owner found them proved them to be his and had

See Frederick stated, this thing is of continual occurrence
 and I would respectfully recommend that a circular be
 issued urging the freed people to get home in the country
 and to make contracts for the period of 12 months the adoption
 of such a course would remove the Agents of considerable
 trouble in the way of settling difficulties by preventing
 them to contract by the day or month.

I have the honor to respectfully recommend that the salary of John M. Bowen Clerk in this office be increased to One Hundred Dollars per month.

Mr Bowen is a most excellent clerk, and as the price of living in Lexington is very high it is almost impossible for him to get along on his present salary of \$75.⁰⁰ and I therefore most earnestly request that he be paid \$100 - per month to take effect Jan'y 1. 1867.

with the information that in addition
to the amount claimed in these
Vouchers for material, the colored
people of this city have furnished
in labor about two hundred dollars
which has been paid by contribution
and they furthermore have been
furnishing fuel and other things
to the amount of fifty dollars per
month since the school was
established -

The colored people here are as
a class very poor and the American
Missionary Association require that
they furnish board for the teachers
sent here as the society does not

feel able to pay all the expenses
on account of the teachers.

If this account could be paid it
would relieve them to a great extent
and would pay the board of the
teachers sent here until such time
as the State School fund is avail-
-able. I hope that the chf Supt of
the State in view of these facts may
be induced to favorably consider
these accounts or forward them
for the action of the Commissioner

with information that the build-
ings proposed, being to the
Freedmen, and are now used
as school houses that the teachers
now charged \$1.00 per month for
each child. I proposed to have
the Govt. hire the buildings
and that the money paid, be
used to help support a school,
in which all could be admitted
at about 40 cents or 50 cents per
month. I would not allow
any but orphans, or very
poor people's children free. I
proposed that plan at Danville
but became convinced that
it would be bad policy and

now I have a good school
at a cost of 20^{cts} per month,
which all can pay.

The Freedmen's Aid Comm.
of Cin. provide two teachers
for the Danville schools, I
have asked the same for the
schools at Harrodsburg but have
no reply as yet.

I think from experience here
that the plan proposed is the
best for the Freedmen, and
the expense to the Government
is comparatively light

Danville, Ky., Jan'y 5th 1867,

Captain R. E. Lohrton

Captain.

I have the honor to furnish
the following report of the murder of a freed-
man, committed at Danville Boyle Co. Ky. d.c.,
24th / 1866.

Al. McRoberts (freedman) was in Danville
on the 24th inst. having in his possession a pistol
carried by authority of Thomas P. Young Police
Judge of this town, to protect himself against one W.
A. Harnes an officer of Boyle Co. who had threat-
ened to kill him. He was met on the street by
W. A. Harnes who demanded his pistol. McRoberts
refused to deliver it to him, and after some words
had passed, shot at Harnes three times, without
inflicting serious injury. McRoberts was arrested
and taken towards the jail followed by an excited
crowd, who advised Harnes to kill him. On the
way to the jail, Harnes beat him severely

with a large cane; while he was being led along the street. On arriving at the jail, Harnes took a pistol and deliberately shot him, inflicting a serious, perhaps fatal injury. This occurred about 5 P.M. at 10 P.M. a party went to the jail and took Mr. Roberts to the outskirts of the town, where they hung him. The farce of an inquest was played. The next morning, with no attempt to learn any facts about the case, and a verdict rendered simply stating that the man Mr. Roberts came to his death by hanging, by some parties unknown.

On the 27th W. H. Harnes was arrested by the civil authorities and held in \$5000 bonds for his appearance at the next term of the Circuit Court to be held in Feb. next.

(Ind 1383, 1866) Dec 21st 1865 by
being sworn to before a Civil Magis-

I respectfully suggest that the
detachment (six in number) be
mounted at this place. for the
following reasons
1st It would facilitate the arrest
by Lieut Kingsbury
2^d the journey could be performed
in three or four days at a cost
of about \$200. a day per man

making a total of from \$36⁰⁰ to \$41⁰⁰.

By the usual Stage route it will require one week at an expenditure of \$19⁷⁵ (for Fare) per man making a total of \$117⁰⁰ exclusive of the Stage Fare of the prisoners which will be \$9⁰⁰ per man from Bankville to the line of Rail Road.

It is believed that the prisoners private horses could be taken to bring them to this place (the line of the Rail Road) and that a friend would readily accompany them to return with their horses. The Stage Companies in this section of the State will not accept orders on the L. W. Dept for transportation.

I have received information

of the same party ("Regulators")
 having whipped two freedmen
 one freed woman & one freed boy
 since the outrage upon Gary

Brigadier General

General.

I have the honor to inform you that the Civil Authorities in nearly every County in this Sub-District, have made arrangements to provide for the poor of their respective Counties and that there are no Refugees and only eight (8) Freedmen, excepted in the entire District, that are "orphan and destitute" as to requiring aid from the Government. These parties are at a great distance from each other and six of them are as far from their Head Quarters that the transportation would amount to nearly three times the value of the rations.

Yours truly,

Under these Circumstances and
 in Consideration of the fact that
 they would be provided for if they
 apply to the proper Authorities.

Superintendent 5th Dist L.S.D
 Maysville Ky

Sir

I have the honor to report the amount of
 business transacted by me since receiving the appointment
 as Agt of the affairs of this Bureau for Nicholas Co.

Received for Contracts, \$ 9.00

Marriage Licenses & Certificates, 6.25

For Indentures of Apprenticeship, $\frac{30.00}{\$45.25}$

The people here have never understood the objects of this
 Bureau. Since I have been acting Agt. I have endeavored to
 explain its objects to them, and they almost unanimously
 agree that its objects are good. The prospects for business in
 future are good, seeing I could do little or nothing without an
 Office, I rented the one I occupy, trusting the allowance would be
 made, my Office is in a most suitable place, and the only one I
 could get in the town, I have occupied it since the 25th of last

NARA 314

month in which time all of the above buisness has been done,
besides the above buisness I have given the Freedmen a greatdeal
of advice and instruction they know where my office is, and
know where to find me. My experience is that without
an office an Agt can do little or nothing here

Very Respectfully

Your Obedient Servant

W. T. Henry
Agent.

General,
I have the
honor to acknowledge the receipt of your letter
of this date, inclosing Invoices & Receipts for
certain stationery purchased by Supt. Saml.
Martin, amounting to eighteen dollars and
twenty five cents (\$18²⁵/₁₀₀).

I respectfully state that I
have furnished Supt. Martin with stationery
since the month of November 1866, inclusive,
(the time I was ordered to do so) and
have made my return monthly to Gen.
Howard, appending the same, per month,
in Abstracts.

If these articles have been
purchased since that time, it has certainly
been done without the knowledge or con-
sent of this office, or the consent of the

Asst. Com^r?, so far as this office has any knowledge: if prior to that time, I do not see how I can take them up, as he certainly should have accounted to the Asst. Com^r? for the same, as his returns show so much "expended for stationery" each month; again, if I take them up on this month's (January) return, it will show an expenditure of stationery by me for Asst. Martin in excess of the entire Sub District, this office included.

Thinking that there is an error in sending these Invoices & Receipts for my acknowledgement, I have not signed the same, but retain them until I receive further instructions upon the subject.

I am very Respectfully
Yours &c. &c.

 1867. The amount of Contracts
 made by persons are numerous in
 my District, and it is done out-
 side this Office, and many, no
 doubt, are made simply because
 it is supposed the Bureau
 agents will attend to disputes
 that would otherwise arise.

Br. Lt. Col. Jas. H. Rice

2nd Dist. &c.

Sir,

In obedience to Special Order No. 5, Ad. Gen. Lex. Sub Dist. I proceeded to Gerard County, to investigate the murder of Wm. Adams, by Morton Scott. I find upon investigation that Wm. Adams and another Negro Man had threatened Morton Scott's life, and in his plea before the court he claims that they did shoot at him.

To this charge, however he has no evidence, I succeeded in obtaining some valuable evidence against him in the case. Learning that he had, since my report to you, been arrested by the civil authorities, I went to Lancaster the county seat to learn what disposition they had made or was going to make of the case.

The Commonwealth's Attorney had postponed the case from day to day, waiting to find sufficient evidence against him to bring it to a trial. In the mean time Scott is under arrest, not being allowed to give bail for his appearance.

I gave the prosecuting attorney all the evidence I had collected, and he will bring the case to an immediate trial. He assures me that every-

NARA 553

thing will be done in the case to bring the murderer to punishment
for his crime. Such a disposition being manifested by
the Civil Authorities, (something unusual in cases between
White and colored persons) I deemed it best to await their
disposition of the case, before taking any further steps in the
matter. Furthermore, the Commonwealth Attorney gave
me the assurance, that any cases of maltreatment of colored
persons (in any manner) by White persons reported to him by
Me, would meet with his immediate attention in his official
capacity.

I Am very respectfully

Respectfully returned with request that the Indenture made with Mr Kohlhaas & Jo. W. Ferguson should not be sanctioned.

I directed Mr Kohlhaas before receiving the written to cancel the Indenture for the following facts.

It was mutually agreed by Mr Anderson & Mr Ferguson in my office that I should write you as to who could be the proper person to apprentice the child. before receiving an answer from you the Son in Law of Mr Ferguson Jo. W.

Ferguson goes to Kansas to take the mother of the child and gets Mr Kohlhaas to bind the child to him. Comes back and goes to Mr Anderson and forcibly takes the child, she crying and begging to remain with Mr Anderson. He fortunately for Ferguson being absent from home.

I wrote you in a former letter that Mr J. Ferguson was not a proper person to have the child bound. He is a poor man and can not do justice to the child. If I am permitted to do that which is best for the future welfare of the child and that it receive the full benefit of the conditions therein contained (in the Indenture) I would

apprentice the child to Mr Anderson.

Upon the other hand desire the Citizens of my District to respect my authority as Superintendent.

If I am to be trifled with by this class of men my position as Superintendent will not command that respect due as an Officer of the Bureau. Mr Anderson raised this girl from her birth up to last May.

The mother of this child is not a widow. She has children by several different men. And a woman who is not able to sustain herself and children.

General,

We, the undersigned trustees of the Washington Freedmen's School, located in the village of Washington, Ky., respectfully represent that on or about the 1st of May 1866, we established a school in said village, and that said school has been supported and maintained almost entirely by ourselves since that time. We have endured the burden in hopes that our people would be able in time to refund the money so spent by us. Owing to their poverty they have been unable to do this, and we are compelled to ask the aid of the Government in carrying on our school. There are now in regular attendance (day & night) 56 scholars. This is as many as the building will accommodate comfortably. We believe if the Govt,

will allow us Twenty Dollars per month for rent,
that we can raise enough by private subscrip-
tion to defray the other necessary expenses in
carrying on said school. We will agree that no
scholar shall be excluded on account of poverty
or inability to pay tuition, providing our request be
granted. The money to be paid to Monmouth
Walton.
